0. Overview

This process covers the steps that need to be taken to determine whether a prospective student is a resident of Kentucky, which will allow them to qualify for KY state grants, if they are eligible. KY residency determination is not needed for students enrolled as non-degree seeking, graduate / doctoral (excluding College of Pharmacy) or jumpstart programs. Any student who has applied, but previously did not start school, will need to have their KY Residency determined again.

This process is mandatory for all Diploma, Certificate, Associate, Bachelor and Dr of Pharmacy (COP) program students; new and re-entry students who have sat out longer than 12 months. It is also mandatory for any student requesting a Sullivan Workforce Grant regardless of program enrollment.

During the admissions process the prospective student must complete the Determination of State Residency Status form, which will be included in the initial admissions paperwork.

A student is deemed a Kentucky Resident with a preponderance of appropriate evidence provided it meets the 13 KAR 2:045 regulations requirement. Designated Admissions staff, at each campus will review residency based on the information supplied by the student on the status form and any supporting documentation. It is crucial to have accurate KY Residency status data since State grants are awarded based on the information that is listed in CN. If a student's residency status has changed the ADM-KY Residency Determination status in CN also has to be updated.

CN document statuses:

- **Requested** – Requested from student.
- **Received Insufficient** – Received documents but not sufficient to determine residency.
- **Denied** – Staff certified non-resident / student self-certified non-resident.
- **Approved** – Staff certified resident.

1. Determine if a student will need Kentucky Residency review

Step 1: Determine if KY is listed as their state¹ by reviewing the State Field on CN student master as well as confirming the student has submitted their KY Residency declaration² with their application documents uploaded to CN indicating yes, they are a KY Resident. If KY is listed, continue to step 2. If KY is not listed, go to Step 5.

Step 2: Determine if student/applicant has previously attended Sullivan. If they have and their LDA is less than 12 months from time of re-entry application, the previously approved KY Residency documentation can be used. If not, go to Step 3.

Step 3: Determine if student/applicant is enrolled in an undergraduate program requiring KY residency documentation (certificate, diploma, associate, bachelor's, and College of Pharmacy). Use the program version field in the applicant record or enrollment record³ to view the program enrolled. Reference program list below for those not needing determination. If yes, go to Step 4. If no, go to step 5.

- Non-Degree Seeking
- Jumpstart
- Graduate Programs
- PHD (does not include College of Pharmacy)

Step 4: Go to the document-tracking folder (). Update Nexus document named ADM-Kentucky Residency Determination to the status named "Requested"⁴. If completing this step, skip Step 5 and Step 6.

Step 5: If the student's state is not KY or the student has Opted Out of proving KY Residency on their declaration², do not load an ADM-Kentucky Residency Determination document to be tracked in CN. If a document has been uploaded, go to the document-tracking folder and update Nexus document named ADM-Kentucky Residency Determination to the status named "Denied".⁵ Remember to add comments that say No Longer Needed Self-certified Non-KY Resident. Proceed to Step 6.

Step 6: Once students ADM-Kentucky Residency Determination status has been changed to "Denied", go to CN activities () and close ADM – KY Residency Ltr and KY Residency Label activities. Remember to add a comment with the date and reason for closing the activity and your initials⁶. If completing this step, end process.

2. Contact Strategy in Campus Nexus to request needed documents

Respective Admissions Advisors will request KY Residency documentation during the application process.

Once the students' application documentation is uploaded in CN, add a KY Residency Determination document, with a "Requested" status, if the student indicated they are a KY Resident on the CN student master or on their KY Residency form.

The "Requested" status will trigger the email CN activity () "ADM-KY Residency Determination, which will be immediately sent by the system¹. This email goes to the student notifying them of the need to collect documents to determine residency. If the "Requested" status in document tracking under KY Residency Determination remains, this also triggers an "ADM-KY Residency letter," scheduled for one week after the initial email activity. This certified letter is mailed to the student as one last attempt to collect the needed documents. This activity is automatically created and assigned to appropriate staff member in CN.

To print and mail letter see "How to print and mail" KY Residency letters.

4. Approved KY Residency documentation list

One primary and one secondary document needs to be received and on file for Kentucky Residency. If a student absolutely does not have a secondary document, then KYR determination can be made on 2 primary documents.

The following documents can be accepted for Kentucky Residency determination:

Primary document List

- Copy of Kentucky state taxes (form 740), for full-time employed individual, from the full calendar year preceding the date of application for a change in residency status.
- Copy of official high school transcript from a Kentucky high school from no more than two years prior to the start date of attendance at this institution.
- Letter from Kentucky employer on company letterhead with start date of employment (must be for one full calendar year) and student's KY address the employer has on file.
- Copy of student's, full-time employment W-2 for the full calendar year preceding the date of application showing at least \$10,000 income.
- Proof of attendance in an out of state school where out of state tuition was paid.
- Copy of a state issued license or certification used for professional or occupational purposes in Kentucky.
- Proof of payment of real property taxes in Kentucky
- Copy of mortgage or deed from property in Kentucky, if the property was used by the student as a residence preceding the date of application for a determination of residency status.
- Copy of marriage license along with proof that the spouse was a resident of Kentucky 12 months prior to the marriage.
- Proof of continued presence in Kentucky during academic breaks; and the extent to which a student is dependent on student financial aid to provide basic sustenance.
- A copy of a student's DD-214 that shows Kentucky as home of record and a separation date within 12 months of enrollment. The student must have returned to KY within 6 months of separating from the military.
- Copy of military orders showing active duty and permanent duty station in Kentucky.

Secondary Document List

- Kentucky driver's license (Fort Knox military ID can NOT be used in the place of a KY driver's license as it is illegal to copy a military ID.)
- Kentucky automobile registration
- Registration as a Kentucky voter
- Long-term lease of at least twelve (12) consecutive months of non-collegiate housing

Mere physical presence in Kentucky, including living with a relative or friend, shall NOT be sufficient evidence of domicile and residency. A person shall respond to all information requested by this institution.

Only one document from the secondary list may be used in determining residency.

5. Record KY Residency Determination review outcome in CN Document Tracking

If no documentation is supplied by the applicant and the status cannot be verified applicant's CN "ADM-Kentucky Residency Determination" document status should be "Requested".

The designated campus official will conduct multiple follow-ups with the applicant to ensure due diligence is made in collecting the required documentation to complete the review:

- Sending an email to the applicant requesting proof of residency documentation, followed up with a phone call – Normally 1st contact completed by assigned Admissions Adviser.
- If no response within a week, another email is sent to the applicant, requesting proof of residency documentation – System driven by CN "ADM-Kentucky Residency Determination" document status "Requested".
- If no response within two weeks of second contact attempt, one final email is sent to the applicant, requesting proof of residency documentation.
- If no response is received within two weeks of the final email attempt, the applicant is declared not approved and Document Tracking and CN remains as ADM- KY Residency Determination -- "Requested". A block can also be placed on active students to prompt submission of pending documents or confirmation of opting out of proving KRD.

If only one document has been received, make sure it is uploaded to doc tracking in CN under "ADM-Kentucky Residency Determination" and edit the status to "Received Insufficient". In the comment box, state what was received or what is lacking.

If both documents have been received and meet 13 KAR 2:045 regulations/requirements, make sure it is uploaded to doc tracking in CN under "ADM-Kentucky Residency Determination" and edit status to "Approved". Remember to add comments¹ under the CN document as to the type of documents received and uploaded to CN, Status=Approved and your initials.

Once students ADM-Kentucky Residency Determination status has been changed to "Approved", go to CN activities () and close ADM – KY Residency Ltr and KY Residency Label activities. Remember to add a comment with the date and reason for closing the activity and your initials².

6. Appeals Process

Should the applicant appeal the residency decision, a request of appeal will be submitted in writing and any additional documentation to verify residency will be submitted to the Director of Admissions or the Associate Director of Admissions for final review. Response to the appeal will be given to the student within 5 (five) business days from date of receipt of request.

7. CN Automated Activities

CN has auto triggered process/activities:

- ADM - KY Residency Decision
 - a. Auto Triggered to a designated FP staff member when doc status is "Approved"
- ADM – KY Residency
 - a. Auto Triggered student email telling them what to submit when doc status is "Received-Insufficient"
- ADM – General Comments
 - a. Manually added and changed to KY Res Determination with comments for Denied, Self - Certified Non-KY Resident
- FP – ADM KY Residency Determination Needed

Manually assigned by the FPC to the Admissions designee when aid is approved by the state but "ADM – KY Residency Determination" document status is not specified. Closed by Admissions when doc status is updated.

8. Additional KRD Information

- If a student is enrolling directly from high school, KY Residency Determination can be based solely on the HS transcript/diploma. If there is a gap of 12 months student is required to provide a primary and secondary document.

Commented [HK1]: Should this be 12 months?

- **February 1 will be the cutoff date for collecting prior year tax docs for those students enrolling early in a new tax year. For example, a student enrolls January 20, 2024, for the Spring quarter. Since some students may not yet have access to 2023 w2s or have completed their 2023 KY tax return, we will accept 2022 documents up to February 1.**

- All secondary documentation must have a valid status (e.g., a Ky driver's license should have future expiry date).

- If a student transfers to another enrollment but doesn't have a break in attendance, there is no need to have the student complete another KY Residency Determination review.

- Dependent students can supply a primary and secondary document of one of his/her parents as well as proof of dependency (e.g., 1040 tax form, same address as parents or parent included in FAFSA application details).

- Students can also submit documentation of their dependency on one of the following federal benefits (document must include their full name, KY address and stipulate the start and end date of benefits):

- a. Medicaid

- b. Supplemental Nutrition Assistance Program (SNAP)

- c. Free or Reduced-Price School Lunch

- d. Temporary Assistance for Needy Families (TANF)

- e. Special Supplemental Nutrition Program for Women, Infants and Children (WIC)

- Students who have been incarcerated (in KY) for the KY Residency determination period would need to provide their incarceration document showing when and where they were incarcerated and valid secondary document.

9. Primary Documentation Examples

12. How to print and mail KY Residency letters

The following process will outline how to print and mail KY Residency certified letters:

Stationary needed:

- Letterheads – available via Admissions front desk
- Window Envelopes – available via Admissions front desk
- Labels – available via Admissions front desk
- Green UPS tracking cards – available via Reprographic office
- Certified letter receipts – available via Reprographic office

Step 1: Printing letters

1. Check your Contact Manager pending activities and determine number of letters you're sending out for the day (the date is set up by Support team when application is processed on CN. You don't have to process letters each day, but all letters must be sent out by the end of the week).
2. Put labels and letterhead paper in printers bypass tray (each letter is 2 pages), face up.
3. In CN go to DAILY – CONTACT MANAGER – LETTERS
4. Select respective campus location – Refresh. A list of letters will appear.
5. Click on ADM SLV KY RES CERT LETTERS and KY RESIDENCY LETTER LABEL – Print Letters.
6. 4 Word documents will be opened. Two will just be the template samples which can be closed without saving. The other two will have students' details on.
7. Press Ctrl+P and set up the local printer settings for Paper – Bypass tray + Letterhead before hitting PRINT. Make sure you print the documents as you have placed the labels and letter heads in the bypass tray (e.g., labels first then letterheads – print in that sequence). You will need two copies of the KY RESIDENCY LETTER LABEL document.
8. If the labels and letters printed correctly, close remaining two Word documents, without saving, and click on "CONTINUE PRINTER OK; CLEAR LIST" (This will clear the KY Res Cert Letters and label activities from the list in the Contact manager and the pending activities in your Contact Manager).
9. Repeat steps for other campus locations (SU – Lexington, SU Fort Knox, SU – Dupont). Majority of the letters will be for SU – Louisville.

Step 2: Preparing letters for mailing.

1. Fold letters in 3rds, with Name and address facing outwards.
2. Place letters with Name and address visible in the window envelope and seal.
3. Add the Green UPS tracking card on the back of the envelope (ensure your name and address label is in the Sender box of the card before adding it to the envelope).
4. Place the students KY RESIDENCY LETTER LABEL in the Article Addressed to section (box 1).
5. Place the second student KY RESIDENCY LETTER LABEL in the bottom right corner of the Certified Mail Receipt. Tear of the left section of the Certified Mail Receipt and peel the BAR CODE off and place in Article Number (box 2) of the Green UPS tracking card. Stick the remainder of the left Certified Mail Receipt to the front of the envelope directly next to the SU logo.

6. Add the CN Student number and date when letter is mailed on the Certified Mail Receipt with the KY RESIDENCY LETTER LABEL and file for SU record purposes.
7. Upload the Certified Mail Receipt to CN under **ADM-Certified Letter Receipt**
8. Take letters to Reprographic Office before 2pm.

Step 3: Update CN document comments

1. Go to Student Master, click on Documents, select KY Residency Determination and Edit. In comments add CL and date sent (e.g., CL – 02/21/2020).

13. How to upload documents to Campus Nexus ((CN))

All documents used to complete a KY Residency review for a student have to be uploaded to Campus Nexus (CN) under ADM – KY Residency Determination document Type. Do not upload documents that are illegible or not accepted. Only upload KY Residency determination documentation used to approve the review. If you receive a students' complete tax packet, federal and state, only upload the state form (Form 740).

Step 1: Save all documents received, which meets the requirement under P:\Admissions\Admissions Drag and Drop folder¹, using the student ID and document type indicated (e.g., YKOTZE1000_KRD1 or KRD2). Remember this is a folder used by all staff trying to upload documents. Once all documents have been uploaded send all files to a Zip folder with the student ID to upload to CN.

Step 2: Go to Citrix Receiver and open Campus Nexus & Home Drive² applications. Once Home Drive is open go to Network Drive – Admissions – Admissions Drag and Drop³.

Step 3: Open the students' CN profile and then click on ⁴ and open the students' document list on CN⁴. Double check the correct student number is reflecting and click ok. All the students' documents uploaded so far should reflect on the document list⁶.

Step 4: Select the ADM – KY Residency Determination document, which has an 'Approved' status⁵ click on Display Document. Once secondary document box pops up, click on ⁶ icon and search your Home drive for the applicable residency document you have saved. If you have multiple files, remember to first send all the files to a Zip folder and then upload the Zip folder since CN documents capability is restricted to one file to be uploaded⁷. You will now your file has been uploaded successfully if you see ⁸ icon next to the ADM – KY Residency Determination document on CN.
